A building made of stone, built between houses, a little playground, a restaurant and parking spaces. The Bollenhofsestraat is hidden in the middle of an old neighbourhood in Utrecht with all kinds of small streets and courtyards. Zaalverhuur7 has teamed up to make better use of the few square feet left in Utrecht. We have a warm, friendly and homey appearance. In addition, we donate 10% of our profits to an orphanage in Haiti and others in need.

Please note: Zaalverhuur7 has 2 locations in the centre of Utrecht. Your meeting is located at Bollenhofsestraat. You can always give us a call if you're facing any difficulties.
